## VETERANS OF PHILIPPINES.

**Holding Their Reunion at Council Bluffs.**

**Historic Date Chosen for the Convention.**

**Annual Address of Gen. Hale. Various Recommendations Made by Him.**

THE NEW ASSOCIATED PRESS—A.M. COUNCIL BLUFFS (Iowa) Aug. 12.—The third annual reunion of the Society of the Army of the Philippines began in this city today, with nearly 200 delegates and veterans in attendance.

After a brief reception early in the day, the society was called to order in the city hall by the president, Gen. Irving Hale. Following the address of Gen. Hale, routine business was taken up, the session lasting a greater part of the afternoon.

Tonight a reception was held at Lake Minnawau. There was an address of welcome by Gov. Cummins, and other addresses by Gov. Savage of Nebraska and Gen. Hale.

In his annual address Gen. Hale said that August 13, 1936, was a historic date for the convention because of its significance, it being the anniversary of the capitulation of Manila, "which was the last event of the Spanish war, and gave to the United States the possession of the Philippine archipelago, with all its problems, conflicts, responsibilities and possibilities."

Gen. Hale recommended that the limit of membership be extended to those serving in the army in the Philippines up to July 4, 1902, the date of the proclamation of amnesty, and continued:

"At present, and perhaps for some time to come, there are two special reasons for maintaining such an organization—first, loyal non-partisan support of the United States government in its earnest and conscientious efforts to carry out the responsibilities which our campaigns in the Philippines brought forth, and second, defense of the United States against any hostile political attacks on the administration. Let us stand united in the honor of our Commander-in-Chief, the President, and the army and the navy and the flag."

Gen. Hale also recommended a plan for uniform constitution and bylaws of local camps, a copy of which he submitted. He spoke of the plans and purposes of the general society, and reviewed the Philippine campaign, in which the members of the society took part.

A telegram from President Roosevelt was read as follows:

Permit me to express to the members of the Society of the Army of the Philippines my great regret that my engagements make it impossible for me to attend their third annual reunion. Naturally those of us who served in Cuba look with a particularly keen interest and sympathy upon all that has been done by all our valiant brethren who have so nobly fought for the honor of our flag in the Philippine Islands.

I greatly appreciate the honor done me in asking me to attend. Nothing would give me greater pleasure, and it is with keen regret that I am obliged to refuse. With all good wishes, faithfully yours,

THEODORE ROOSEVELT.

Committees were appointed and adjournment taken till tomorrow.

**OUTPOST SURPRISED.**

**MOROS KILL TWO SOLDIERS.**

THE NEW ASSOCIATED PRESS—A.M. MANILA, Aug. 12.—(By Manila Cable.) A small party of Moros surprised an outpost of the Twenty-seventh Infantry at Camp Victoria yesterday. Sergeant Foley and Private Carey were killed and Private Vandoren was severely wounded. The Moros, who numbered about a dozen, were armed with spears and knives and were dressed in dark and foggy. The attacking party crawled to within a few feet of the sentinels, and then they rushed on them suddenly. The entire outpost rushed to the relief of the sentinels, but they were too late, and the Moros escaped. Although several of the Moros were wounded, the American sentinels were seriously hurt by the spears and swords. The attacking party was then driven back, and the occurrence probably will result in a move against the town, which has a strong fort and other defenses.

## PETER POWER'S STOCK.

One hundred shares Certificate on Which He Began His Famous Suit Was Bought for \$100,000.

THE NEW ASSOCIATED PRESS—A.M. NEW YORK, Aug. 12.—When the hearing in the case of Peter Power and the Northern Pacific directors was resumed today, Walter Content, Jr., the stock broker, firm of H. Content & Co., was called to the witness stand. Replying to questions by Guthrie, counsel for the defendant company, Content said his firm had purchased the stock of Peter Power, the 100-share certificate of Northern Pacific stock which Attorney George A. Lamb contends was placed at the disposal of Peter Power that he might commence the action as a stockholder. Content declined, however, to say from whom the stock was bought. His firm, he said, had never directly or indirectly contributed to the expenses of the Peter Power litigation. Content did not know Peter Power, he said, but he did know Lamb. The latter, Content said, represented his firm in any legal matters.

At the conclusion of the examination Lamb assured United States Marshal Joseph W. Widenfeld that he would have Power in New York, and at the Marshal's office, at 10 o'clock Tuesday morning next.

**LIGHT FOR POLICE IN BARTHOLOMEW CASE.**

WOMAN GIVES THEM THE FIRST CLEW OF VALUE.

Declares That She Saw Oscar Thompson and John Claffey in Company With Another Man on Morning After the Disappearance of Miss Mitchell.

CHICAGO, Aug. 12.—The police obtained their first clew of value in the Bartholomew case tonight, and developments that will go far toward solving the mystery are expected within twenty-four hours.

Inspector Hunt late tonight found a woman who declared that at daybreak on the morning following the night in which Miss Mitchell disappeared in company with William Bartholomew, she saw Oscar Thompson, driver for a laundry company, and who is now held in custody by the police; John Claffey, the barn boy for the same concern, and a man wearing a Panama hat, and a dark sack coat, in front of the laundry. They were standing beneath a bright arc light, and she saw them plainly. She resided in the neighborhood, and knew both men well.

The woman tonight was confronted with Thompson, and while he was forced to admit that he knew her and that she knew him, he denied the story. The woman denied that the light-colored man, which Thompson had attempted to throw away, was one that he wore at the time she saw him under the electric light.

When asked why he threw the cap away to wear the one he had on when he was arrested, he hesitated and then said: "Give me until tomorrow. I will talk with you then."

This plea was taken as an indication that Thompson's wall of stolidity was broken down at last by the strong evidence he had been confronted with, and the police think he will tell all he knows tomorrow. They expect him to confess to a share in the murders.

Claffey, after Thompson, was confronted with the woman in black. He at first said he did not know her, but immediately admitted that he did. He is a man about 40 years of age.

The woman repeated the story in exactly the same way she told it at first. Claffey denied being with Thompson and Bartholomew at the time, and was immediately locked up again.

The police then received a number of clews concerning the whereabouts of Bartholomew, but none of them amounted to anything. They admitted tonight that they did not know what had become of him.

**RECEIVER APPOINTED.**

CHICAGO, Aug. 12.—Judge Nease today appointed Henry J. Williams receiver for the property of Mrs. Anna Bartholomew, upon the application of Henry Dietz, the owner of the mortgage of \$6000 on the house at No. 4310 Calumet avenue. In his application the petitioner stated that he believed Mrs. Bartholomew had been murdered by her son, William, and that the house is at present in the possession of the police. He requested that the receiver be appointed to take possession of the property and to sell it for the benefit of the mortgagee.

**GUTHRIE MAN'S TALE.**

CHICAGO (Okla.) Aug. 12.—John Guthrie, a Guthrie newspaper man, made a statement today, after seeing pictures of the Chicagoan, that he is positive that he played whist during the night when the Bartholomew case was being investigated.

Guthrie said that he was in the hotel room in Guthrie, Texas, traveling salesman were the relatives of Bartholomew and Guthrie. Guthrie says that a stranger gave a name that he falls now in the hands of the police. He said that he is now said, was on Monday morning. He was considerably disturbed by the fact that he had driven a long distance in the country. No further trace has been found of the man.

THE NEW ASSOCIATED PRESS—A.M. NEW YORK, Aug. 12.—(Exclusive Dispatch.) Mrs. Sarah Teneriffe of Plainfield, N. J., received word that the Supreme Court of California had granted a \$1,000,000 verdict in her favor.

On the death of her father, Mrs. Teneriffe was bequeathed by him 30,000 acres of land near Los Angeles, but the State intervened and refused to allow Mrs. Teneriffe to take possession, because of an alleged flaw in the title that her father held to it. The matter was taken to the Supreme Court, which decided today that Mrs. Teneriffe's title was valid.

## PICKED MEN FROM INDIA.

**Pass in Review Before King Edward.**

**Youthful Princes Serve as Aids to Grandpa.**

**Devonshire to Retire from Cabinet—Gossip of Colonial Conference.**

THE NEW ASSOCIATED PRESS—A.M. LONDON, Aug. 12.—(By Atlantic Cable.) The Indian coronation troops to the number of 1200 were reviewed by King Edward at Buckingham Palace this afternoon. The men, who are all picked troops, including Lord Curzon's bodyguard, presented a fine spectacle in their handsome varicolored uniforms. The King wore a bejeweled sword that cost \$50,000 which was presented to him yesterday by the Maharajah of Jalpur.

The Queen received a greater ovation than the King as both passed down the lines of notables bowing and shaking hands. The young sons of the Prince of Wales, the Princes Edward and Albert, constituted a charming aid to the King, and fetched several general officers, who smilingly obeyed their summons to an audience with their grandfather.

The great lawn below the terrace was a marvelous sight in red, yellow, green and blue. The Bengalee Sikhs, Gurkhas and Punjab cavalry made a strong contrast to a single khaki spot, and the British regulars from India stood at the word of command, fluttering lances, rifles and carbines were groined, and the contingents one by one filed past the royal canopy, saluting their grandfather.

At the close of the review the troops were drawn up in front of the King, who addressed the officers as follows: "I wish to convey to all ranks the satisfaction it has given me to see this splendid contingent from India. I am proud to have you here, and I am glad to say that by God's grace I am well again. I recognize among you many of the regiments I had the advantage of seeing at Delhi during my tour of India. I hope to see you again in England, and that all may return in safety to their homes. I wish you to be true to your commitments to all ranks of your commands."

He will not discuss the work of the imperial conference, but it is an open secret that he has exerted a decisive influence in keeping the conference from discussing the work of the imperial conference, but it is an open secret that he has exerted a decisive influence in keeping the conference from discussing the work of the imperial conference.

There was, without doubt, a vigorous effort on the part of Mr. Chamberlain to concentrate attention on this subject as the most available ground for common action, but there has been complete failure to commit colonies to the costly policy of military and naval expansion, and the result is a complete failure to commit colonies to the costly policy of military and naval expansion, and the result is a complete failure to commit colonies to the costly policy of military and naval expansion.

## PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 12.—(Exclusive Dispatch.) The official record of temperature in Chicago today, showing a range from 60 to 85 degs., hardly represents the true conditions. A damp chill in the air made it seem much colder than the figures indicated. The wind continued in the southeast, and most of the time threatening clouds filled the sky. Showers and warmer temperatures are promised for tomorrow. Temperatures at 7 a.m.: New York, Boston, Philadelphia and Chicago, 60; Washington, 62; Minneapolis, 58; Cincinnati, 64; St. Louis, 70.

**HARD-COAL SHORTAGE.**

Leading coal dealers predict a shortage of hard coal in Chicago this winter as a result of the anthracite strike. The normal supply at this season is about a million tons, and the stock on hand is less than three hundred thousand tons. Even should the strike be ended September 1, it would be difficult to get any coal from the east. The eight-million-ton shortage in the East had been made up, which would take till next spring.

The grain buyers and elevator men in the neighborhood are alarmed at the independent scheme of their farmer customers.

This morning he put up his ladder and commenced work, and it is supposed the ladder slipped. In endeavoring to save himself, Edwards grasped the electric wires, and he fell to the floor, a distance of fourteen feet, sustaining a gash in the back which would have caused death, even if the electric shock had not killed him. The fire is still burning, and may not be extinguished for several days. Jacks computes his loss at over \$10,000, and fears that it may reach double that amount before the conflagration is extinguished. Fire fighters have been sent from here. Numerous rich houses exist across the county road from the scene of the conflagration. If the flames cross immense damage will be done.

## "ONE MORE SUCH 'VICTORY' AND THEY ARE LOST."

The Seventy-fourth District convention will be held in the Memorial Hall, Soldiers' Home. There are forty-five county delegates, and five delegates to be chosen to the State convention.

**CONTRASTS.**  
HEADQUARTERS' SCENES.  
In marked contrast with the general joy at the Flint headquarters yesterday...

At the close of twelve hours' effort they didn't know. The machine candidates in the city have opposition in the city, and the country support is nearly lapsed from under.

election day." Such was the statement made by a prominent Democrat yesterday evening. This Democrat, who is high in the councils of his party, freely expressed his opinion of the class of Democrats who Tuesday waded into the Republican ranks in an endeavor to give Gage a good showing.

**AS TO TRADING.**  
While Gage men admit, with reluctance, that their candidate did not poll as heavy a vote as they had claimed he would, prior to the primaries, they assert that the Governor is bound to carry Southern California in the State convention. San Bernardino and Riverside counties, they say, want places on the State ticket, and are utterly powerless to push their candidates through alone. It necessarily follows, they say, that these two counties, which are recognized factors in the State fight, must trade with the Gage delegation from Los Angeles county. On the other hand, the Flint people declare that they are more than equal to the Gageites, and the two aspiring counties will cater to them sooner than take the benches of the Governor.

**THINK OF IT!**  
In the county fight it is hard to find a candidate who is not confident of winning a nomination. George P. McLain, present Councilman from the Second Ward, is very sanguine of his chances to secure the nomination for Sheriff. He said yesterday: "I feel more confident now than I did before the primaries. I am not claiming that I have a cinch on the job, but I am not in the least worried about my chances. I know that there are other candidates who are sure, but I am watching only George McLain, and cannot see anyone else. I don't choose to make any loud claims. I have learned enough to keep my mouth shut, but I am none the less confident."

**WHITE'S FORTY.**  
There is no more sanguine candidate for a county office than Will A. White, who aspires to be the next Sheriff. Despite some reports to the contrary, he claims to have carried his own ward (the Seventh) by a large majority at the primaries yesterday.

**CATALINA FOR FLINT.**  
Returns have been received from all but two county precincts. Avalon, Catalina Island, sends a solid Flint delegation of three to the Seventieth District convention, which body has but forty-nine members, and is the only one in any great doubt.

**CORNEY WEEP FOR MAMMA.**  
Parent Turns Deaf Ear to the Entreaties of His Criminal Offspring—Two Small Boys in the Tolls.  
"Won't yer, papa—won't yer take me home 't see mother?"  
"Naw, I won't."  
"Won't yer, please, papa: I want to see mamma, first."  
"Naw; I'll let you go this time, an' see how you like it."  
Fears were of no avail, and little, dirty-faced "Corney" Haley was hustled into the City Jail, along with his companion in crime, Harold Alexander.

**JOHANNSEN WAS MUTINOUS.**  
TROMSOE (Norway) Aug. 12.—Evening B. Palsath and several members of the crew of the American have made statements before a notary public regarding the dispute between Baldwin and Capt. Johannsen of the American. According to Mr. Baldwin's statement, Capt. Johannsen refused to obey the orders of the ice pilot, and that he suggested his removal from the command.
